Tenants Notes

A. The inventory will be checked in full at the end of the tenancy. All personal possessions must be removed prior to the check-out appointment, and the property must be prepared for inspection, including the return of all keys issued at the start of the tenancy. If the property is not ready for inspection, the appointment may be cancelled and a re-attendance fee may be charged to the tenant.

B. All furniture and items listed in the inventory must be returned to their original positions, including any items that have been stored or packed away. Failure to do so may result in charges for misplaced or missing items, or for additional time spent locating or repositioning them.

C. Where the property was professionally cleaned at the start of the tenancy, it is strongly advised that it is professionally cleaned to the same standard at the end of the tenancy. This helps avoid disputes relating to cleanliness.

D. Where carpets were professionally cleaned at the start of the tenancy, they should be professionally cleaned at the end of the tenancy to a comparable standard.

E. Curtains, bedding, linen, and soft furnishings should be laundered, dry-cleaned, or professionally cleaned if they were presented in that condition at the start of the tenancy. Bedding and linen should be ironed and placed neatly in the appropriate room.

F. Beds should not be made up at check-out, as mattresses, bedding, and linen will be inspected individually.

G. Fridges and freezers must be emptied of all food items. Freezers must be fully defrosted and left in a clean condition.

H. Any additional furniture or items introduced during the tenancy must be removed unless otherwise agreed in writing by the landlord or managing agent. All general household rubbish, garden waste, and unlisted items must be removed to avoid disposal charges.

I. It is the responsibility of both the landlord and tenant to regularly check smoke detectors and carbon monoxide alarms in accordance with the manufacturer's instructions.

J. At check-out, the inventory will be compared against the original check-in report. Allowances will be made for fair wear and tear. The tenant may be liable for costs associated with damage, missing items, cleaning, or remedial works where applicable.

K. Upon receipt of the inventory report, the tenant has **three (3) calendar days** to notify the landlord or managing agent in writing of any discrepancies.

L. Tenants are strongly advised to retain copies of all inventory, check-in, and check-out reports for future reference.

M. Photographic Evidence - Photographs form part of the inventory report and should be read in conjunction with written descriptions. In the event of discrepancy, photographs will be used as supporting evidence but do not override the written report.

N. Condensation and Ventilation - The tenant is responsible for adequately ventilating the property to reduce condensation and mould growth, including the use of extractor fans and regular window ventilation where appropriate.

O. Waste Removal - All refuse and unwanted items must be removed prior to check-out. Items left after the inspection may be subject to removal charges.

P. Contractor Recommendations - Any reference to contractors is for advisory purposes only. Inventory One does not instruct, appoint, or accept responsibility for contractor works or costs.

Q. Fair Wear and Tear - Fair wear and tear refers to the reasonable deterioration of an item caused by normal use over time, taking into account the age, quality, original condition, and expected lifespan of the item.

R. Keys and Security Devices - All keys, fobs, cards, remotes, and security devices issued at the start of the tenancy must be returned at check-out. Missing items may result in replacement or security costs.

S. Data Retention - Inventory reports, photographs and related data may be retained for a reasonable period for dispute resolution, legal and audit purposes in accordance with data protection legislation.

T. Levels of cleanliness, please see below our defined cleaning standards:

Professionally Cleaned – the property has been deep cleaned to an industry standard, any receipts/invoices from the cleaning company should be kept as proof.

Domestically Cleaned – the property has been cleaned to the standard of the average house “Spring clean”.

Not Cleaned / Further Cleaning Required – the property has not been cleaned or has been cleaned to an unsatisfactory level, additional charges will be made to clean these areas.

Carpets/Flooring Professionally Steam Cleaned – the carpets have been cleaned to an industry standard, using a professional company or carpet cleaning equipment to steam / shampoo clean the carpets, any receipts/invoices from the cleaning company should be kept as proof.

Vacuumed Only – the carpets have been vacuumed only using a household vacuum cleaner and is considered to the standard of the average “Spring Clean”.

Swept Only / Moped Only – the flooring has been cleaned / swept with a broom / brush or mop and is considered to the standard of the average “Spring Clean”.

Not Cleaned / Requires Further Cleaning – the property has not been cleaned or has been cleaned to an unsatisfactory level, additional charges will be made to clean these areas.

- Tenant Responsibility
- Landlord Responsibility
- Contractor to Advise / Investigate

Disclaimers

Report Terms & Conditions

A. This inventory is an unbiased and accurate record of the property's contents, condition, and cleanliness for rental purposes only. It is not a report on the adequacy, safety, or compliance of any items listed. The document records the presence of items and their superficial, visible condition at the time of the inventory, check-in, or check-out, based on the compiler's professional opinion and industry-accepted guidelines.

B. The compiler is not a qualified surveyor, valuer, or specialist in fabrics, materials, antiques, or construction. This inventory must not be relied upon as a structural survey, valuation, or statement of authenticity and is prepared for identification purposes only.

C. The inventory covers only readily accessible areas of the property. Areas that are unsafe, difficult to access, overcrowded, locked, excessively unclean, or hazardous are excluded. This includes (but is not limited to) lofts, attics, basements, sheds, garages, and cupboards containing irrelevant items. Heavy or bulky furniture will not be moved. Items of low individual monetary value (such as miscellaneous or incomplete sets of cutlery, crockery, glassware, and utensils) are excluded unless specifically instructed in writing, with quantities provided by the instructing principal.

D. Where inspections are not carried out in daylight hours, gardens and exterior areas may not be fully inspected. Garden maintenance during the tenancy is the responsibility of the tenant unless otherwise stated in the tenancy agreement.

E. Unless otherwise noted, items are deemed to be visibly free from obvious defects, damage, heavy soiling, or missing parts at the time of inspection. Absence of comment indicates no visible issue observed.

F. Electrical appliances, gas appliances, plumbing, heating systems, and similar installations are not tested for safety or regulatory compliance. Operational checks are limited to basic functionality only and do not indicate full working order. Safety testing must be carried out by suitably qualified professionals.

G. Soft furnishings such as towels, bed linen, and similar items will only be inspected if presented in a clean condition. Items that are excessively soiled, mouldy, or contaminated will be excluded.

H. Burglar alarms are not tested. Smoke alarms and carbon monoxide monitors are tested by pressing the test button only. The report will record audible tone and indicator lights where observed. No liability is accepted for future failure of these devices.

I. Meter readings are recorded only where meters are located and readily accessible. Utility providers should be relied upon for verification.

J. Any items located in excluded or inaccessible areas, including locked rooms, remain the sole responsibility of the instructing principal.

K. It is the responsibility of the landlord, tenant, and agent to agree the accuracy of this report. Any discrepancies must be reported to Inventory One within **three working days** of receipt. Missing photographs must also be reported within this timeframe.

L. Fire Safety Regulations (Furniture) - Upholstered furniture is presumed to comply with the Furniture and Furnishings (Fire) (Safety) Regulations 1988 unless otherwise stated. Only items observed to lack required fire safety labelling or reasonably suspected of non-compliance will be noted. Inspection is visual only and does not constitute certification.

M. Bunk beds are visually checked for apparent compliance with the Bunk Beds (Entrapment Hazards) (Safety) Regulations 1987. Where compliance cannot be reasonably ascertained, items will be marked with (***)

N. Interim inspections are visual only. The tenant remains responsible for maintaining cleanliness and condition in accordance with the tenancy agreement.

O. Where discrepancies arise, the terms of the tenancy agreement shall take precedence over the opinion of the compiler.

P. The Inventory One logo and report format are protected by copyright and intellectual property law and must not be reproduced without written consent.

Q. This report does not guarantee safety, compliance, or full functionality of any item listed. Responsibility for ensuring legal compliance and suitability rests with the landlord, agent, or owner.

R. Inventory One are not qualified electricians, engineers, or tradespeople. No liability is accepted for latent or developing defects not visible at the time of inspection.
